ARVEST®

Arvest Bank is committed to building strong, stable communities by helping local business owners like long-time Arvest customer and **Sheila's Place** owner Sheila Davis, who has been running her restaurant for 30 years.

"If you're a small business and you're thinking about Arvest, I would highly recommend it," Davis said. "They have the

small bank feel, and they give you personalized service, but yet they're a large enough bank to have the products that you need."

Sheila's dedication is matched by Sarah Lowe, community bank lender in Marshfield, Mo., who has seen firsthand the impact Sheila's Place has had on the community.

"We need our small businesses, and we need their insights and the things they see and experience," Lowe said. "That helps us to be better for our community."

Did you know Vitamin C does more than help promote healing when
you are sick?

- It assists in forming blood vessels, cartilage, muscle, and collagen in bones
- Helps cells break down the molecules that are produced when exposed to tobacco or radiation from the sun
- And aids in protection against heart disease and cancer

Vitamin C is found in a lot of fruits and vegetables such as citrus, broccoli, and tomatoes.
