

Ozark Fiber: Let's Connect

Ozark Fiber is thrilled to bring 100% fiber-optic internet to Marshfield! As a locally owned and operated Missouri company, our mission is simple: deliver reliable, lightning-fast internet with the hometown service you deserve.

Ozark Fiber was built right here in the Ozarks by Missourians for Missourians. Our team takes pride in serving local families, students, and businesses with speeds up to 2 Gig, no contracts and no hidden fees. Whether you're streaming, gaming, studying or running a business, Ozark Fiber keeps you connected with the speed and dependability you can count on.

We're excited to be part of the Marshfield community and to support local events, businesses, and organizations that make this area special. With service starting in November, Marshfield residents can now sign up to be among the first homes connected to true fiber internet.

We often see community members share online how much they want to support our students — and now there's a simple, meaningful way to do just that.

Introducing The Giving Nest

Marshfield Schools has launched The Giving Nest — a new way for our caring community to directly support students.

When school nurses, counselors, and social workers identify a need, it's posted to The Giving Nest so community members can quickly respond. Items are collected at Central Office. Once received, donations are delivered directly to the staff member who made the request — ensuring items reach students quickly and privately.

🎉 What an incredible turnout for our October Networking Event! 🎉

This month's gathering might just have been our most unique venue yet — **Brooks & Family Equine Retirement** was the perfect setting for an afternoon of great food provided by **What's Normal** and great networking. A huge thank-you to The Brooks and Family Equine Retirement for hosting us — we truly appreciate your hospitality and the beautiful space! We'd also like to thank Scott Allen with the **Webster County Health Unit** for sharing an important Health Unit update and leading Narcan training. We always appreciate the chance to learn while we network! Mark your calendars — our next networking event is coming up on Wednesday, November 19th! We can't wait to see everyone again for another opportunity to connect with local business leaders. Details coming soon!

Thankful
Thursday

🎉 Thankful Thursday 🎉

This week, we're honored to recognize John Tieskotter for his incredible dedication and countless volunteer hours serving the people of Webster County.

Debby shared this heartfelt nomination:

“John Tieskotter has provided hundreds of volunteer hours providing oversight and labor helping seniors by partnering with the [OACAC](#) CSBG/Neighborhood center who partners with the Webster County Senior Citizen's Service Fund to financially assist with emergency needs. John is instrumental in assessing the material needs and building ramps for Webster County senior citizens. He is a Knight of Columbus, and often brings other volunteers to assist with the job. He also built the OACAC People's Pantry that sat outside the Neighborhood Center and is now placed at the Webster County Health Department. In addition, John volunteered with REALL (Reality Enrichment and Life Lessons) and VOICE (Vocational

Opportunities Inspiring Children in Elementary) both youth projects held throughout our county. I've also seen him sharing home-grown produce with others as well.

John does not seek recognition, but is servant at heart. We are so thankful how he has helped our community and partnered with the Neighborhood/CSBG program.”

John, your servant's heart and tireless efforts have truly made a difference in the lives of so many. From building ramps to mentoring youth, your impact on our community is inspiring, and we are so grateful for all you do. We hope you enjoy your treat to **Las Cazuelas** ! You most certainly deserve it! Thank you!

Who do you know that goes above and beyond to serve our community?
